Welcome to Young Leaders Collective

Young Leaders Collective, part of the UKLC Education Group, creates exceptional educational experiences for ambitious young people aged 11 to 18 from around the world.

Our premium programmes combine inspiring learning, leadership development, cultural discovery and meaningful international friendships in some of the UK's most prestigious locations.

More than a summer programme, we give young people the confidence, curiosity and skills to broaden their horizons, find their voice and become the leaders of tomorrow.

Our Philosophy

Learn

Develop English, knowledge and skills through engaging, purposeful learning.

Explore

Experience the very best of Britain through its history, culture, cities and institutions.

Lead

Build confidence, independence, communication skills and a global outlook.

Why Choose Us?

More than a Summer School

A Young Leaders Collective programme is designed to be an experience that stays with students long after they return home.

Prestigious Locations

Study and live at outstanding schools and universities in London, Cambridge and the English countryside.

Inspiring Academic Programmes

Our lessons go beyond traditional language learning, encouraging students to communicate, collaborate, question and think independently.

Learning Beyond the Classroom

What students learn in the morning connects with what they experience in the afternoon, bringing British history, culture, education and society to life.

Leadership & Confidence

Presentations, discussions, projects and team challenges help students develop their voice and become confident international communicators.

Exceptional Experiences

From world-famous universities and historic landmarks to theatre, sport and British culture, every programme is designed to make the most of its location.

International Community

Students meet young people from across the world, developing friendships and perspectives that cross cultures and borders.

Outstanding Care

Experienced teams provide a safe, supportive environment where students can enjoy greater independence while parents have complete peace of mind.

The Academic Programme

Learning with Purpose

English is not simply something our students study. It is the language they use to explore ideas, communicate internationally and discover Britain.

Students receive 15 hours of English language tuition each week, taught in morning sessions so afternoons can be dedicated to experiences outside the classroom.

Lessons develop:

Communication

Confidence and fluency in real-life situations.

Critical Thinking

Questioning ideas, evaluating information and forming opinions.

Leadership

Collaboration, decision-making and taking responsibility.

Presentation Skills

Speaking confidently and communicating ideas effectively.

Cultural Understanding

Exploring Britain and comparing different international perspectives.

Academic Skills

Discussion, research, debating, writing and independent learning.

Learning beyond the classroom

Where possible, our academic programme connects directly with the experiences students enjoy throughout their day.

On our city-based programmes, students might explore British government and debate before visiting Westminster, investigate innovation and discovery before exploring Cambridge, or study British history and identity before encountering it first-hand at one of the country's great historic sites.

On our boarding school programmes, learning continues on campus through a varied programme of workshops, projects, sports, creative activities and team challenges. Students have opportunities to put their English into practice, discover new interests, develop leadership and communication skills, and work alongside young people from around the world.

Whether exploring a great British city or taking part in activities on campus, every experience is an opportunity to learn, participate and grow.

Learn in the classroom. Experience beyond.

Activities & Excursions

Britain becomes the classroom

Some of the most memorable learning happens outside the classroom. Every Young Leaders Collective programme includes a carefully designed schedule of afternoon activities, cultural visits, evening events and full-day excursions.

Evenings

Life continues after the day's excursions or activities with a varied social programme designed to bring students together.

Social activities can include sports, quizzes, discos, talent shows, movie nights, cultural evenings, team challenges and special events.

Pastoral care

Their adventure. Your peace of mind.

For many students, attending a Young Leaders Collective programme is an important step towards greater independence.

We want them to embrace that experience while parents know they are safe, supported and cared for.

Our experienced residential teams are available throughout the programme, providing supervision, support and a friendly point of contact whenever students need us.

Pastoral care includes:

- 24-hour residential support
- Experienced centre management teams, including Houseparents
- Carefully managed student supervision
- Clear safeguarding procedures
- Support with health and wellbeing
- Structured daily schedules
- Secure residential accommodation
- Airport transfer options
- Dedicated emergency contact arrangements

The Cambridge Experience

Learn

Morning lessons are complemented by afternoons exploring the city.

Discover

Students can discover historic colleges, museums, parks, the River Cam and the stories of the academics, scientists and innovators associated with Cambridge.

Live

Rather than simply visiting Cambridge for a day, students have the opportunity to live there and make the city their own.

Why Cambridge?

A city built around ideas

From historic university traditions to world-changing scientific discoveries and today's technology sector, Cambridge provides the perfect setting for a programme built around curiosity, learning and ambition.
